## PHOTO: MH-60R Seahawk lands aboard Danish frigate

---

COPENHAGEN, Denmark – One of the first Danish [MH-60R Seahawk helicopters](#) landed aboard a Danish frigate of the IVER HUITFELDT class in Copenhagen Harbor to commemorate the U.S. Navy's delivery to the Danish Defense June 6, 2016. "The delivery of these first three of nine MH-60R helicopters to Denmark is a great team accomplishment between our two governments and our industry partners," said Capt. Craig Grubb, program manager for NAVAIR's H-60 Multi-Mission Helicopter Program. "The aircraft have immediately entered service in Denmark, and we look forward to operating, sustaining and advancing the MH-60R with Denmark for decades to come." (Photo courtesy Lockheed Martin)
